In the past year many cart path improvements were made courtesy of the MGA, along with the planting of new trees on the golf course. The future looks good for the MGA! Thanks again... Your MGA dues for the year 2020 are \$15.00 per person. This is a one-time fee for the entire year. (Payment should be included in your Men's League entry fee). The First Annual Weekend Warrior Preview

This will be the perfect way for people to see and be able to play in the Ryder Cup format, just the way the Weekend Warrior is set up. This is how it will work...

For the first 24 people who sign up for this Warrior Preview on April 18th, we will place you on one of two teams of 12. If we could get 48 people to play on the 18th that would be ideal but anything short of that, the people beyond the first 24 will just be paired up into matches. As long as we have an even number, this will work just fine. Over the course of the day we will play 27 holes. 9 holes will be **4 Ball or (1-Net Best Ball)**, 9 holes will be **Alternate Shot** & the final 9 holes will be **Singles**. The final 9 holes will actually count as your first Warrior qualifying score. All of the other qualifiers will be 18 holes where we give players points on either the Gross (raw score) or Net (handicap deducted) score. For this day we will do the same thing. For example, if Andy, Bentley, Chad and Tim all play singles. Tim shoots a 45 that is a net 36, Andy shoots 39 that is a net 37, Bentley shoots a 38 that is a net 35 and Chad shoots a 41 that is a net 35. Bentley would get 12 points for the low gross, Chad would get 12 points for the low net, Andy would get 11 points for the 2nd low gross and Tim would get 11 points for the 2nd lowest net. And it would go on from there. The top 10 score points 12, 11, 10, 9, 8, 7, 6, 5, 4, 3, in both gross & net. Anyone beyond the top 20 will all receive 1 point for participating. The rest of the qualifying rounds will be listed and are simply days where you set your own tee time. The only stipulation is that you can't play by yourself...although your playing partners don't have to play Warrior.

On the 18th, first morning round will be **1-Net Best Ball of 2 or 4-Ball**. Two members of the Red team take on two members of the Blue team...using handicaps. The lowest Net score wins the hole. The group plays until one of the twosomes compiles enough holes won, that the other team cannot overtake them or if the group plays all 18 holes that ends in a tie, the match is All Square and that point is halved between the two teams. Otherwise the point for the match is awarded to either the red team or blue team.

The second morning round (probably starting around 11) will be **Alternate Shot**. In this format the red team's twosome and the blue team's twosome alternate shots on each hole until the ball is holed. The lowest score wins the hole (using combined handicaps). This is true alternate shot...the only decision that each twosome has is who will tee off on the first hole.

We will then break for a little light lunch. After lunch we will head back out for **Singles Matches**. Here each member of the Blue team is matched up with a member from the Red team. At the end of the day a winner will be decided between the two teams...even if that means a tie breaker match (we've had to do that two times in the eleven previous Warrior seasons).

We will send out the pairings for the "Red" and "Blue" teams a couple days in advance. Again, these will be the first twenty-four people that sign up and pay for the event. We'll match those teams up by handicap and keep the total handicaps as close as we can. Also, we'll be glad to take more but we'll just have to make sure it's an even number.

We won't be making any changes for 2020. We will keep the plan of awarding double Warrior points during the Club Championship. The only change at all will be the fact that we will play Lochland much sooner. Our Warrior Weekend is August 15th & 16th and then we will face off with Lochland the very next weekend rather than waiting until October to finally play them. This will mean that we can still play both courses before aerification and before everyone gets busy.

We're excited for this...we hope you can give it a shot!
